Permits for the construction of each of the foregoing power plants having been heretofore granted by the Interior or Agricultural Departments.
Area covered by permits.	SEC. 2. That the ground covered by the permit hereby granted shall include fifty feet on each side of the center of said canals or conduit lines and on each side of said pole lines, or so much thereof as may be actually necessary for their installation, maintenance, and use, and the ground actually occupied by and necessary for power houses, diverting dams, and necessary buildings and structures to be used in connection with the operation and maintenance of said water-power plants, together with fifty feet on each side of the marginal limits of all of such buildings and structures, or such portion of said fifty feet as may be actually necessary for the efficient operation and maintenance of said power plants, dams, and other structures; also the right to submerge and flood at the intake of each of said power plants within said forest reserves, not to exceed thirty acres in each case, such area only as may be actually necessary to divert the water into the several canal or conduit lines for said several power plants.
Limit.	SEC. 3. That within six months after the passage of this Act the Edison Electric Company shall file with the register of the United States land office for the district where said power plants are located, and with the Forester of the Department of Agriculture, a map and such copies thereof as the Secretary of the Interior may prescribe, showing separately as to each power plant the ground occupied or proposed to be occupied by such canals or conduit lines, pole lines, power houses, and other buildings and structures used in connection with said electrical power plants. These maps shall show the dimensions of each building and structure and each diverting dam, and the areas which it will be necessary to submerge at the point of intake of each power plant and, after the filing of said maps, all lands covered by this permit as shown on the maps, or to be occupied by such buildings and structures as shown, together with such portion of fifty feet on each side of the marginal limits thereof as may be actually necessary for the operation of the power plants, and such land as may be submerged by the construction and operation of said power plants, shall, when disposed of by the Government, be disposed of subject to the rights hereby granted unless said rights shall have terminated or shall have been revoked as herein provided prior to such disposal.
Lands included subject to rights conveyed.	SEC. 4. That said company shall conform to all regulations adopted or prescribed by the Secretary of Agriculture or the Secretary of the Interior governing said forest reserves, or the use or the users thereof, and shall not take, cut, or destroy any timber within the forest reserves except such as it may be actually necessary to remove to construct its power plants and the structures pertaining thereto, and it shall be required to pay to the proper officer of the Forest Service the full value of all timber and wood cut, used, or destroyed by it within the forest reserves.

one hereof within five years from the passage of this Act; then as to each of said power plants not completed and put in operation within the time herein limited this permit shall be deemed to be revoked without judicial or other proceeding; and a failure during any year after completion to operate any power plant provided for in this Act for a total time of ninety days in such year shall operate as a like revocation of this permit as to such plant or plants.

SEC. 8. That the enjoyment of the permit hereby granted shall be subject at all times to all laws relating to the forest reserves, and to all rules and regulations authorized and established thereunder, and that for infraction of such laws, rules, or regulations the owner or user of said permit shall be subject to all fines and penalties imposed thereby, and shall also be liable in a civil action for all damages that may accrue from such breach, and that for any continued infraction of such laws, rules, or regulations, or failure to pay any amount due the Forest Service from said company within sixty days of notice thereof, the Secretary of the Department of the Interior may, upon request of the Secretary of Agriculture, after due notice and hearing, revoke and vacate this permit: *Provided*, That the transfer of any lands from the jurisdiction of one department to that of another shall in no wise affect this permit, but the power hereby vested in the Secretary shall, upon such transfer, be deemed to be transferred with the land.

SEC. 9. That the said company shall pay annually in advance to the proper officer of the Forest Service, as compensation for the privileges hereby granted, such reasonable sum as the Secretary of Agriculture may fix from year to year, and shall pay for wood or timber cut, removed, or destroyed as fast as the value thereof may be ascertained and charged by the Forester: *Provided*, That the Secretary of Agriculture, his agents and employees, and all officers of the Forest Service, shall have free and unrestricted access in, through, and across all lands and structures covered by said permit in the performance of their official duties, and the Secretary in charge of forest reserves may construct or permit to be constructed in, through, or across any land covered by said permit roads or trails, public or otherwise, or other means of transportation, not inconsistent with the enjoyment of the permit hereby granted: *Provided further*, That the Edison Electric Company shall, under penalty of immediate forfeiture of the permit hereby granted, when requested to do so, assist the forest officers in fighting fire, and shall furnish any men under its employ necessary for that purpose, and shall otherwise assist to the extent of its power in protecting the forest reserves and maintaining good order upon them.
