Surplus Property Act of 1944.

## OBJECTIVES

SEC. 2. The Congress hereby declares that the objectives of this Act are to facilitate and regulate the orderly disposal of surplus property so as—

(a) to assure the most effective use of such property for war purposes and the common defense;

(b) to give maximum aid in the reestablishment of a peacetime economy of free independent private enterprise, the development of the maximum of independent operators in trade, industry, and agriculture, and to stimulate full employment;

(c) to facilitate the transition of enterprises from wartime to peacetime production and of individuals from wartime to peacetime employment;

(d) to discourage monopolistic practices and to strengthen and preserve the competitive position of small business concerns in an economy of free enterprise;

(e) to foster and to render more secure family-type farming as the traditional and desirable pattern of American agriculture;

(f) to afford returning veterans an opportunity to establish themselves as proprietors of agricultural, business, and professional enterprises;

(g) to encourage and foster post-war employment opportunities;

(h) to assure the sale of surplus property in such quantities and on such terms as will discourage disposal to speculators or for speculative purposes;

(i) to establish and develop foreign markets and promote mutually advantageous economic relations between the United States and other countries by the orderly disposition of surplus property in other countries;

(j) to avoid dislocations of the domestic economy and of international economic relations;

(k) to foster the wide distribution of surplus commodities to consumers at fair prices;

(l) to effect broad and equitable distribution of surplus property;

(m) to achieve the prompt and full utilization of surplus property at fair prices to the consumer through disposal at home and abroad with due regard for the protection of free markets and competitive prices from dislocation resulting from uncontrolled dumping;

(n) to utilize normal channels of trade and commerce to the extent consistent with efficient and economic distribution and the promotion of the general objectives of this Act (without discriminating against the establishment of new enterprises);

(o) to promote production, employment of labor, and utilization of the productive capacity and the natural and agricultural resources of the country;

(p) to foster the development of new independent enterprise;

(q) to prevent insofar as possible unusual and excessive profits being made out of surplus property;

(r) to dispose of surplus property as promptly as feasible without fostering monopoly or restraint of trade, or unduly disturbing the economy, or encouraging hoarding of such property, and to facilitate prompt redistribution of such property to consumers;

(s) to dispose of surplus Government-owned transportation facilities and equipment in such manner as to promote an adequate and economical national transportation system; and

(t) except as otherwise provided, to obtain for the Government, as nearly as possible, the fair value of surplus property upon its disposition.

Public notice concerning property available for sale.

Priority to inter-agency transfers.

SEC. 12. (a) It shall be the duty of the Board to facilitate the transfer of surplus property from one Government agency to other Government agencies for their use; and the transfer of surplus property under this section shall be given priority over all other disposals provided for in this Act.

Responsibility of Government agencies.

(b) It shall be the responsibility of all Government agencies, in order to avoid making purchases through commercial channels, continuously to consult the records of surplus property established by the Board and to determine whether their requirements can be satisfied out of such surplus property. It shall also be the responsibility of the head of each Government agency to submit to the Board such estimates of the needs of the agency and such reports in relation thereto as the Board may deem necessary to promote the fullest utilization of surplus property. It shall be the responsibility of the Board to determine whether Government agencies are acquiring surplus property to the fullest possible extent, and to notify agencies whenever, in its judgment, they are not so doing.

SEC. 13. (a) The Board shall prescribe regulations for the disposition of surplus property to States and their political subdivisions and instrumentalities, and to tax-supported and nonprofit institu-

tions, and shall determine on the basis of need what transfers shall be made. In formulating such regulations the Board shall be guided by the objectives of this Act and shall give effect to the following policies to the extent feasible and in the public interest:

(1) (A) Surplus property that is appropriate for school, classroom, or other educational use may be sold or leased to the States and their political subdivisions and instrumentalities, and tax-supported educational institutions, and to other non-profit educational institutions which have been held exempt from taxation under section 101 (6) of the Internal Revenue Code.

(B) Surplus medical supplies, equipment, and property suitable for use in the protection of public health, including research, may be sold or leased to the States and their political subdivisions and instrumentalities, and to tax-supported medical institutions, and to hospitals or other similar institutions not operated for profit which have been held exempt from taxation under section 101 (6) of the Internal Revenue Code.

(C) In fixing the sale or lease value of property to be disposed of under subparagraph (A) and subparagraph (B) of this paragraph, the Board shall take into consideration any benefit which has accrued or may accrue to the United States from the use of such property by any such State, political subdivision, instrumentality, or institution.

(2) Surplus property shall be disposed of so as to afford public and governmental institutions, non-profit or tax-supported educational institutions, charitable and eleemosynary institutions, non-profit or tax-supported hospitals and similar institutions, States, their political subdivisions and instrumentalities, and volunteer fire companies, an opportunity to fulfill, in the public interest, their legitimate needs.

(b) Under regulations prescribed by the Board, whenever the Government agency authorized to dispose of any property finds that it has no commercial value or that the cost of its care and handling and disposition would exceed the estimated proceeds, the agency may donate such property to any agency or institution supported by the Federal Government or any State or local government, or to any non-profit educational or charitable organization, or, if that is not feasible, shall destroy or otherwise dispose of such property, but, except in the case of property the immediate destruction of which is necessary or desirable either because of the nature of the property or because of the expense or difficulty of its care and handling, no property shall be destroyed until thirty days after public notice of the proposed destruction thereof has been given (and a copy of such notice given to the Board at the beginning of such thirty-day period) and an attempt has been made within such thirty days to dispose of such property otherwise than by destruction.

(c) No airport and no harbor or port terminal, including necessary operating equipment, shall be otherwise disposed of until it has first been offered, under regulations to be prescribed by the Board, for sale or lease to the State, political subdivision thereof, and any municipality, in which it is situated, and to all municipalities in the vicinity thereof.

(d) Whenever any State or political subdivision thereof, or any State or Government agency or instrumentality certifies to the Board that any power transmission line determined to be surplus property under the provisions of this Act is needful for or adaptable to the requirements of any public or cooperative power project, such line and the right-of-way acquired for its construction shall not be sold,

The Board may empower any owning agency, subject to the regulations of the Board, to authorize any contractor with such agency or subcontractor thereunder to retain or dispose of any contractor inventories for any other purpose which in the opinion of the Board is not contrary to the objectives of this Act. Where any owning agency takes possession of any contractor inventory from any contractor with the agency or subcontractor thereunder, such property shall be disposed of only in accordance with the provisions of this Act.

(b) Subject only to subsection (c) of this section, any owning agency may dispose of—

(1) any property which is damaged or worn beyond economical repair;

(c) Whenever the Board deems such action necessary to effectuate the objectives and policies of this Act, the Board, by regulations, shall restrict the authority of any owning agency to dispose of any class of surplus property under subsection (b) of this section.

#### METHODS OF DISPOSITION

SEC. 15. (a) Notwithstanding the provisions of any other law but subject to the provisions of this Act, whenever any Government agency is authorized to dispose of property under this Act, then the agency may dispose of such property by sale, exchange, lease, or transfer, for

(b) Any owning agency or disposal agency may execute such documents for the transfer of title or other interest in property or take such other action as it deems necessary or proper to transfer or dispose of property or otherwise to carry out the provisions of this Act, and, in the case of surplus property, shall do so to the extent required by the regulations of the Board.

#### DISPOSITIONS IN RURAL AREAS

SEC. 17. The Board shall devise ways and means and prescribe regulations in cooperation with the War Food Administrator providing for the sale of surplus property in such quantities in rural localities and in such manner as will assure farmers and farmers' cooperative associations equal opportunity with others to purchase surplus property: *Provided, however,* That in cases where a shortage of trucks, machinery, and equipment impairs farm production, a program shall be developed by the Board in cooperation with the Agricultural Adjustment Agency whereby a reasonable portion of the surplus supply will be made available for sale in rural areas to farmers and farmers' cooperative associations.

#### SMALL BUSINESS

SEC. 18. (a) It shall be the duty of the Board to devise ways and means and prescribe regulations to prevent any discrimination against small business in the disposal and distribution and use of any surplus property.

Prevention of discrimination.

(b) The Board shall by regulations determine, or provide for the determination, as to all surplus property in the hands of each disposal agency, the size of lots in which, and the areas in which, the various classes of such property should be offered consistently with the usual and customary commercial practice with respect to such class. The available supply of each class in each area shall be so disposed of as to give to prospective purchasers, within such area, of any particular amount (not smaller than the smallest lot consistent with such commercial practice) preference (by affording them reasonable opportunity to acquire the desired amount) over prospective purchasers of larger amounts.

Determination of lots and areas.

(c) The Smaller War Plants Corporation is hereby specifically charged with the responsibility of cooperating with the Board and with the owning and disposal agencies, of making surveys from time to time, and bringing to the attention of the agencies and the Board the needs and requirements of small business and any cases or situa-

*Ante*, p. 770.

Loans.

Upon the request of the Attorney General, the Board or other Government agency shall furnish or cause to be furnished such information as it may possess which the Attorney General determines to be appropriate or necessary to enable him to give the advice called for by this section or to determine whether any other disposition of surplus property violates the antitrust laws. Nothing in this Act shall impair, amend, or modify the antitrust laws or limit and prevent their application to persons who buy or otherwise acquire property under the provisions of this Act. As used in this section, the term "antitrust laws" includes the Act of July 2, 1890 (ch. 647, 26 Stat. 209), as amended; the Act of October 15, 1914 (ch. 323, 38 Stat. 730), as amended; the Federal Trade Commission Act; and the Act of August 27, 1894 (ch. 349, secs. 73, 74, 28 Stat. 570), as amended.

"Strategic minerals and metals."

Fabricated articles.

Exclusions.

Provisional with-holding of supplies.

SEC. 22. (a) All Government-owned accumulations of strategic minerals and metals, including those owned by any Government corporation, shall be transferred by the owning agency, when determined to be surplus pursuant to this Act, to the account of the Treasury Procurement Division and shall be added to the stock pile authorized by the Act of June 7, 1939 (53 Stat. 811), as amended, and shall be subject to its provisions: *Provided*, That contractor inventory shall be so transferred only when the owning agency has taken possession of and determined such inventory to be surplus. The minerals and metals may be transferred in any form in which they are held, but the owning agency or the Treasury Procurement Division is authorized either before or after such legal transfer to cause such minerals or metals to be put into forms best suited for storage and use for the common defense. As used in this section the phrase "strategic minerals and metals" means copper, lead, zinc, tin, magnesium, manganese, chromite, nickel, molybdenum, tungsten, mercury, mica, quartz crystals, industrial diamonds, cadmium, fluorspar, cobalt, tantalite, antimony, vanadium, platinum, beryl, graphite (and to which may be added aluminum or any other minerals or metals in such quantities or amounts as the Army and Navy Munitions Board may determine to be necessary for the stock pile authorized by the Act of June 7, 1939), and shall include ores, concentrates, alloys, scrap, and partially and completely fabricated articles of which the principal components by value consist of such minerals and metals, but shall not include such fabricated articles as the Army and Navy determine are not suitable for their use in the form in which fabricated and which may be disposed of commercially at value substantially in excess of the metal market price of the component minerals and metals of such fabricated articles.

(b) Pending a determination by the War Production Board that the supplies of the respective strategic minerals and metals available to industry are sufficient to meet the current requirements of industry, the owning agency subject to the regulations prescribed by the Surplus Property Board shall withhold from transfer under this section an amount of such minerals and metals equal to the deficiency, if any, estimated by the War Production Board as likely to exist for the requirements of industry for a period of six months for purposes other than war production; and may dispose of the minerals and metals

so withheld to the extent necessary to meet any such deficiency actually found to exist by the War Production Board, at the market price of the respective minerals and metals.

(c) Any Government-owned accumulations of strategic materials shall at the request of the War and Navy Departments be transferred by the owning agency, when determined to be surplus pursuant to this Act, to the account of the Treasury Procurement Division and shall be added to the stock pile authorized by the Act of June 7, 1939 (53 Stat. 811), as amended, and shall be subject to its provisions. The materials may be transferred in any form in which they are held and they shall thereafter be put into forms best suited for storage and use for the common defense. The term "strategic materials" as used in this subsection means all materials except strategic minerals and metals as defined in subsection (a) of this section and includes all materials in group A or in group B of the list of strategic and critical materials determined upon by the Army and Navy Munitions Board on March 6, 1944, as amended from time to time, but shall not include any of such materials which the Army and Navy determine do not meet the specifications suitable for common defense or are in excess of the needs thereof. The Army and Navy Munitions Board is authorized to direct the removal from the list of any of the materials as defined in this subsection, in which event they shall be disposed of under the provisions of this Act.

(d) Within three months following the enactment of this Act the Army and Navy Munitions Board shall submit to Congress its recommendations respecting the maximum and minimum amounts of each strategic mineral or metal which in its opinion should be held in the stock pile authorized by the Act of June 7, 1939. After one year from the submission of such recommendations, unless the Congress provides otherwise by law, the Board may authorize the proper disposal agencies to dispose of any Government-owned accumulations of strategic minerals and metals including those owned by any Government corporation when determined to be surplus pursuant to this Act.

#### DISPOSAL OF SURPLUS REAL PROPERTY

SEC. 23. (a) As used in this section—

(1) The term "real property" means property consisting of land, together with any fixtures and improvements thereon, located outside of the District of Columbia, but does not include war housing, industrial plants, factories, or similar structures and facilities, or the sites thereof, or land which the Board determines is essential to the use of any of the foregoing; and

(2) The term "surplus real property" means real property which has been determined under section 11 to be surplus property.

(b) Surplus real property which is not disposed of to Government agencies under section 12 or to States or their political subdivisions or instrumentalities under section 13 shall be disposed of in accordance with this section.

(d) (1) (A) In the case of any surplus real property which was acquired by any Government agency after December 31, 1939, the person from whom such property was acquired shall be given notice, in such manner (which may include publication) as the Board by regulation may prescribe, that the property is to be disposed of by

(B) In the case of real property acquired by any Government agency after December 31, 1939, which either—

(i) has not been determined under section 11 to be surplus property, or

(ii) has been disposed of under section 12 or 13, or

(iii) is classified as suitable for a purpose different from that for which it was used when acquired by the Government, and with respect to which the person from whom it was acquired has signified an intention not to exercise the privilege granted under subparagraph (A),

the person from whom such property was acquired may be offered other surplus real property in the same area for purchase at private sale, if such other property is classified as suitable for the purpose for which the property so acquired was used when so acquired, and is otherwise similar to the property so acquired.

Purchases by former tenants.

(2) In the case of surplus real property which was acquired by any Government agency after December 31, 1939, and which is classified as suitable for agricultural use, if any tenant (who was a tenant at the time of acquisition) of the person from whom such property was acquired, signifies, within a period of ninety days following public notice of sale, his intention to purchase such property, and no person has exercised his privilege under paragraph (1) (A), such tenant shall be entitled to purchase such property, in substantially the identical tract as when acquired by such Government agency, at private sale at any time during such ninety-day period.

Purchase price.

(3) The price to be paid for surplus real property sold under this subsection shall be a price not greater than that for which it was acquired by the United States, such acquisition price being properly adjusted to reflect any increase or decrease in the value of such property resulting from action by the United States, or a price equal to the market price at the time of sale of such property, whichever price is the lower.

Identification.

(4) The Board may by regulation prescribe methods for the identification of persons entitled to exercise the privileges conferred by this subsection.

Subdivision of property not disposed of.

(e) If any surplus real property is not disposed of under subsection (d)—

Agricultural.

(1) such property, if classified as suitable for agricultural use, shall be subdivided, as provided by the Board, whenever practicable into economic family-size units (taking into consideration the variations in sizes of economic units in different localities); and

Non-agricultural.

(2) such property, if not classified as suitable for agricultural use, shall be subdivided into the appropriate units in which the Board deems the property should be disposed of, giving due consideration to the character of the property, the economic use to which it is likely to be put, and the objectives of disposition as set forth in this Act.

Veterans' preference rights.

(f) (1) Whenever any surplus real property classified as suitable for agricultural, residential, or small business purposes is to be disposed of, except as provided in subsection (d) of this section, veterans shall be granted a preference in the purchase of such property over nonveterans.

(2) The following procedure shall govern the exercise of veterans' preference rights under this subsection: The disposal agency, under regulations prescribed by the Board, shall fix the price of each unit into which the property is subdivided under subsection (e) after taking into consideration the then current market value, the character of the property, and, if income producing property, the estimated earning capacity thereof. Before any such property is disposed of, except under subsection (d), any veteran may apply for the purchase of any or all units offered for sale at the price so fixed. The Board shall prescribe the time within which application shall be made and shall give such notice thereof as it deems reasonable to enable veterans to exercise their rights under this subsection. The Board shall provide for the selection of the purchaser of each unit by lot from among the applicants for the unit. If any applicant is selected as the purchaser of more than one unit, he shall elect which one to take, whereupon the right to purchase the remaining units shall go to the remaining applicants in the order in which their names were drawn. No veteran may apply for the purchase of any property under the provisions of this subsection if he has previously exercised a preference right under this section and has acquired property pursuant thereto. Sales to veterans under this subsection shall be upon such terms as the Board may prescribe.

(g) In the case of the death of a person entitled under this section to rights as a former owner or veteran, his spouse and children, in that order, shall succeed to such rights of the decedent existing at the time of his death. Any preference right under subsection (f) to which a person would have been entitled except for his death while in the active military or naval service of the United States, shall be extended to his spouse and children, in that order. No preference right may be assigned or exercised by power of attorney or through a power to select except as may be permitted by regulations prescribed by the Board in order to prevent the loss of such right by the holder thereof.

(h) A certificate by the disposal agency that the provisions of subsections (d), (f), and (g) have been complied with in the case of any property and that no qualified applicant has made application to exercise his privilege to purchase within the time limits fixed by or pursuant to this Act, shall terminate all privileges to purchase such property.

(i) In the case of surplus real property which is classified as suitable for agricultural use and which is not disposed of under subsection (d) or (f), such property (after subdivision as provided in subsection (e) (1)) shall be disposed of insofar as possible only to persons who expect to cultivate the land and to operate it for a livelihood. The Department of Agriculture is authorized and directed, within the limits of its current functions under the Bankhead-Jones Farm Tenant Act, to extend needed financial and other assistance to persons eligible for such assistance under the Bankhead-Jones Farm Tenant Act and the Servicemen's Readjustment Act of 1944, in connection with the disposal of surplus agricultural lands pursuant to this subsection.

(j) In the case of sales of real property under this section or under any other provision of this Act, the form of deed or instrument of transfer shall be approved by the Attorney General. Deeds or other instruments containing general or special warranties of title may be issued and delivered to purchasers provided such warranties have been recommended and approved by the Attorney General. In determining whether general or special warranty deeds to properties may be issued and delivered, the Attorney General is authorized to approve the issuance and delivery of warranty deeds where titles are subject to infirmities of such character that in his opinion the interests of the United States will not be jeopardized under its warranty.

(3) shall, if the United States shall so elect, restore to the United States the property thus secured and obtained and the United States shall retain as liquidated damages any consideration given to the United States or any Government agency for such property.

Jurisdiction.

(c) The several district courts of the United States, the District Court of the United States for the District of Columbia, and the several district courts of the Territories of the United States, within whose jurisdictional limits the person, or persons, doing or committing such act, or any one of them, resides or shall be found, shall wheresoever such act may have been done or committed, have full power and jurisdiction to hear, try, and determine such suit.

(d) The civil remedies provided in this section shall be in addition to all other criminal penalties and civil remedies provided by law.

Government agency deposits.

(c) To the extent authorized by the Board, any Government agency disposing of property under this Act (1) may deposit, in a special account with the Treasurer of the United States, such amount of the proceeds of such dispositions as it deems necessary to permit appropriate refunds to purchasers when any disposition is rescinded or does not become final, or payments for breach of any warranty, and (2) may withdraw therefrom amounts so to be refunded or paid, without regard to the origin of the funds withdrawn.

(e) Where the disposal agency acquires or retains any mortgage, lien, or other interest as security in connection with any transfer or disposition of property under this Act, the disposal agency shall retain, preserve, and manage such security and may enforce and settle any right of the Government with respect thereto in such manner and upon such terms as it deems in the best interest of the Government. Applicability of provisions.

(b) The provisions of this Act shall be applicable to dispositions of property within the United States and elsewhere, but the Board may exempt from some or all of the provisions hereof dispositions of property located outside of the continental United States, its Territories and possessions, whenever it deems that such provisions would obstruct the efficient and economic disposition of such property in accordance with the objectives of this Act.

#### RESTRICTIONS ON IMPORTATION OF SURPLUS PROPERTY INTO UNITED STATES

SEC. 33. (a) It is the policy of this Act to prohibit, so far as feasible and necessary to carry out the objectives of this Act, the importation into the United States of surplus property sold abroad or for

The Secretary of the Treasury is authorized and directed to provide for the enforcement of such regulations.

#### SAVING PROVISIONS

SEC. 34. (a) The authority conferred by this Act is in addition to any authority conferred by any other law and shall not be subject to the provisions of any law inconsistent herewith. All policies and procedures relating to surplus property prescribed by the Surplus War Property Administration, created by Executive Order Numbered 9425, dated February 19, 1944, or any other Government agency, in effect upon the effective date of this Act, and not inconsistent with this Act, shall remain in full force and effect unless and until superseded by regulations prescribed under this Act.

9 F. R. 2071.

#### TERMINATION INVENTORIES

SEC. 36. (a) The Congress recognizes that upon termination of war contracts, the plants of war contractors will be filled with vast termination inventories which until removed or disposed of will prevent or interfere with the resumption of civilian production and reemployment, and that so far as possible decisions should be made in advance of termination for the disposition and removal of such termination inventories without delay when termination occurs.

Measures should be taken to realize the greatest possible value from termination inventories.

(b) In advance of termination, to the maximum extent practicable—

(1) each contracting agency shall advise its war contractors of the classes of termination inventory the contracting agency will wish to retain for military purposes; and

(2) the Board shall establish procedures for advising war contractors as to the care and handling and disposition of termination inventory not required for military purposes, in order to effectuate the policies stated in subsection (a) of this section and the policies of section 11 (a) (3) of the Contract Settlement Act of 1944.

*Ante*, p. 658.

(c) To the extent that it is impracticable so to advise war contractors in advance of termination, the contracting agencies and the Board shall be prepared to give such advice as soon as practicable after termination of the war contract.

(d) The Board and the Director of Contract Settlement shall cooperate in carrying out the provisions of this section.

(e) For the purposes of this section, the terms "contracting agency", "termination inventory", and "war contractor" shall have the meanings assigned to such terms by section 3 of the Contract Settlement Act of 1944.

#### INCREASE IN LOAN RATE ON COTTON

*Ante*, p. 643.

SEC. 37. (a) Section 8 (a) (1) of the Stabilization Act of 1942, as amended (relating to loans upon certain agricultural commodities), is amended by striking out "at the rate in the case of cotton of 92½ per centum" and inserting in lieu thereof "at the rate in the case of cotton of 95 per centum".

(b) The amendment made by this section shall be applicable only with respect to crops harvested after December 31, 1943, but shall not apply to crops planted after 1944. In the case of loans made under such section 8 upon any of the 1944 crop of cotton before the amendment made by this section takes effect, the Commodity Credit Corporation is authorized and directed to increase or provide for increasing the amount of such loans to the amount of the loans which would have been made if the loan rate specified in the amendment made by this section had been in effect at the time the loans were made.

#### EXPIRATION DATE

SEC. 38. Unless extended by law, this Act shall expire at the end of three years following the date of the cessation of hostilities in the present war. For the purposes of this section the term "date of the cessation of hostilities in the present war" means the date proclaimed by the President as the date of such cessation, or the date specified in a concurrent resolution of the two Houses of Congress as the date of such cessation, whichever is the earlier.

#### SEPARABILITY OF PROVISIONS

SEC. 39. If any provision of this Act, or the application of such provision to any person or circumstance, is held invalid, the remainder of this Act or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

Approved October 3, 1944.

[CHAPTER 480]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

TITLE I—OFFICE OF WAR MOBILIZATION AND RECONVERSION

SECTION 101. (a) There is hereby established the Office of War Mobilization and Reconversion, which shall be headed by the Director of War Mobilization and Reconversion (hereinafter called the "Director"). The Director shall be appointed by the President, by and with the advice and consent of the Senate, shall receive compensation at the rate of \$15,000 per year, and shall serve for a term of two years.

(b) The following agencies shall be placed within the Office of War Mobilization and Reconversion and shall exercise their functions subject to the general supervision of the Director:

(1) Office of Contract Settlement, created by the Contract Settlement Act of 1944.

(2) Surplus War Property Administration, created by Executive Order Numbered 9425 (if such Administration is in existence after the Office of War Mobilization ceases to exist), and the Surplus Property Board created by the Surplus Property Act of 1944.

(3) Retraining and Reemployment Administration, created by Executive Order Numbered 9427 (if such Administration is in existence after the Office of War Mobilization ceases to exist), and the Retraining and Reemployment Administration created by title III of this Act.

Nothing in this subsection shall imply any derogation of the powers of the Director under subsection (c) with respect to the agencies placed within his office or with respect to other agencies not specifically placed within his office.

(c) In addition to any powers which the President is authorized to and does delegate to the Director for the purpose of more effectively coordinating the mobilization of the Nation for war, the Director shall, subject to the direction of the President—
