dam, near Bemidji,  
Minn.

CHAP. 2575.—An Act Permitting the building of a dam across the Mississippi River near the city of Bemidji, Beltrami County, Minnesota.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That the consent of Congress is hereby granted to William R. Morrison and H. W. Haines to build a dam across the Mississippi River near the city of Bemidji, Minnesota, between the point where the same crosses the west line of township one hundred and forty-five, range thirty-five, and the point where said river crosses the north line of said township in Hubbard County, Minnesota, for the development of water power and such works and structures in connection therewith as may be necessary or convenient in the development of such power and in the utilization of the power thereby developed: *Provided*, That the plans for the construction of said dam and appurtenant works shall be submitted to and approved by the Chief of Engineers and the Secretary of War before the commencement of the construction of the same: *And provided further*, That the said William R. Morrison and H. W. Haines, their heirs, administrators, and assigns, shall not deviate from such plans after such approval, either before or after the completion of said structure, unless the modification of said plans shall have previously been submitted to and received the approval of the Chief of Engineers and of the Secretary of War: *And provided further*, That there shall be placed and maintained in connection with said dam a sluiceway, so arranged as to permit logs, timber, and lumber to pass around, through, or over said dam without unreasonable delay or hindrance and without toll or charges: *And provided further*, That the dam shall be so constructed that the Government of the United States may at any time construct in connection therewith a suitable lock for navigation purposes, and may at any time, without compensation, control the said dam so far as shall be necessary for purposes of navigation, but shall not destroy the water power developed by said dam and structures to any greater extent than may be necessary to provide proper facilities for navigation; and that the Secretary of War may at any time require and enforce, at the expense of the owners, such modifications and changes in the construction of such a dam as he may deem advisable in the interests of navigation: *And provided further*, That suitable
